

September 24 Public Meeting – ARRA Repaving

On September 24, 2009, the City of Memphis Divisions of Public Works and Engineering held a Title VI Public Meeting, co-hosted by the Coalition for Livable Communities at the Hooks Central Public Library. This meeting presented the proposed transportation projects to be funded under the American Recovery and Reinvestment Act (ARRA), Surface Transportation Program (STP) and Congestion Mitigation / Air Quality (CMAQ) grants. City staff was available to explain the projects and receive questions and comments. Handouts with project information and forms for submitting written comments were available.

On behalf of the City of Memphis, we wish to extend special thanks to the Coalition for Livable Communities and Sarah Newstok, their Program Manager, for arranging for the meeting space and making it available to the City for this purpose.
